**Subject:** Stop the Mine!

As residents of Marinette County we urge you to PLEASE STOP THE BACK FORTY MINE!

I am sure you are very aware of all the reasons why it should be stopped. It's the wrong thing to do or there would not be so much controversy.

We live on the beautiful Menominee River but this will have a negative affect on everyone.

PLEASE do what you can as soon as possible to stop the mine!

With Sincere Concerns,

Ex. 6 - Personal Privacy
